MEMORANDUM FOR: Deputy Director for National Foreign Assessment
FROM: Director of Central Intelligence
SUBJECT: Candidates for Review Panel

1. Two Navy Admirals are retiring in the next few weeks. You might want to think about one or the other for your review panel if you are still looking for a Naval officer.

2. Beyond this, I'll keep my ears open but you might ask your Army and Air Force officers, [redacted] and others to let you know if they anticipate senior officers who may be retiring from those Services this summer. If we can get to them before they've got their plans too set, you might find one.
